Phyto Cal-Mag Plus

Phyto Cal-Mag Plus is a comprehensive blend of bioavailable calcium and magnesium along with vitamin D3 and trace minerals. It is formulated to support*:

- Normal bone formation and maintenance
- Normal nervous system function
- Healthy cellular metabolism
- Skin, hair and nail health
- Relaxation

This formula contains a 2:1 ratio of chelated malate forms of calcium and magnesium. Di-calcium malate and di-magnesium malate consist of either two calcium molecules or two magnesium molecules attached to malic acid. When bound to malate, calcium and magnesium bioavailability and assimilation are enhanced.

The spectrum of minerals in this formula are essential to bone health. Calcium and magnesium are vital to many processes in the body and the ingredients in this formula work synergistically to complement treatment strategies.

Ingredients and Supplement Facts

Vitamin D3 (as Cholecalciferol): Cholecalciferol is a vital form of vitamin D known as vitamin D3. Vitamin D3 supports normal hormone balance and blood calcium levels as well as many systems including digestive, cardiovascular, nervous, and musculoskeletal.

Calcium (as Di-Calcium Malate): Calcium is a major constituent of bones and teeth. It also supports the nervous system, immune system, and blood pressure. Vitamin D is required for optimal calcium absorption.

Magnesium (as Di-Magnesium Malate): Magnesium is an essential mineral and cofactor involved in over 300 enzyme systems of the body including the nervous system. It supports vitamin D and calcium levels, cellular metabolism and signal transduction within the nervous system.

Phyto Cal-Mag Plus

Ingredients and Supplement Facts Continued...

Manganese (as Manganese Bisglycinate Chelate): Manganese acts as a coenzyme with specific enzymes in the metabolism of nutrients including cholesterol. Manganese may be supplemented to support normal skeletal development, bone density, reproductive function, blood glucose levels, neurological function, blood production, and hormonal balance. The manganese in this formula is chelated for bioavailability.

Silica (as Bamboo Silica): 100% plant-based silica for promoting bone health as well as the healthy appearance of hair, skin and nails.

Boron (as Bororganic Glycine): Boron is utilized in the body for bone and muscle health, healthy hormone levels, cognitive skills, yeast balance, and immune support. The boron in this formula is chelated for bioavailability.

If pregnant or breastfeeding, consult a healthcare professional before use.

Supplement Facts

Serving Size: 4 capsules
Servings Per Container: 30

	Amount Per Serving	%DV
Vitamin D3 (as Cholecalciferol)	15 mcg	75%
Calcium (as Di-Calcium Malate) ^{††}	360 mg	28%
Magnesium (as Di-Magnesium Malate) ^{††}	180 mg	43%
Manganese (as Manganese Bisglycinate Chelate) ^{††}	2 mg	87%
Bamboo Silica Extract	80 mg	*
Boron (as Bororganic Glycine) ^{††}	6 mg	*

* Daily Value (DV) not established.

Other Ingredients: Capsule (Hydroxypropyl Methylcellulose, Purified Water), Rice Flour.
